

PAHCOM National Advisory Board

Pam Lewis, CMM

“I joined PAHCOM many years ago when I was living in Pensacola, FL, and managing a surgical practice. Of course with PAHCOM’s national office based in Pensacola at that time, membership in the area was widespread and we had a thriving local chapter. In 1996 my husband and I moved to North Carolina, and the first thing I did was reinstate my membership with PAHCOM. PAHCOM has been a wonderful asset to me and my career. I feel that by getting involved on the national level, I can give back a little of what PAHCOM has given to me.”
