Office Managers

Join us for an evening with
Mary Larsen from Health Care Without Harm

Environmental Sustainability in the Medical Office Environment

March 2nd, 2010

6:30 p.m.

Lutheran General Hospital
1775 Dempster St
Park Ridge, IL. 60068

Special Functions Dining Room 10th Floor

Dinner and Presentation will be provided courtesy of InHealth

During this presentation, we will discuss the overall idea of what is happening in health care in relation to environmental sustainability and environmental risks. We will focus on ways to reduce the negative impact of healthcare delivery and discuss what it means in practical terms to be “green” in a clinical setting. You will also learn where and how you can access resources and tools that will help you guide your practice toward becoming a more environmentally conscious business and workplace.

We will also have a dynamic discussion about the ways you have achieved success in your office to reduce waste, toxicity. Bring your best suggestions to share with the group.

Raffle Prizes!!

Including:

Secrets of the Best-Run Practices by Judy Capko
(courtesy of Joe Balice from the Cunningham Group)
