Advanced Data Systems Participates in PAHCOM Scholarship Fund Drive

June 09, 2007

Maywood, NJ – July 9, 2007 – Advanced Data Systems Corporation, a leading provider of Practice Management systems serving over 35,000 physicians, proudly announces its participation in PAHCOM's Scholarship Fund Drive. This scholarship fund, organized by the Professional Association of Health Care Office Management, helps financially needy members of PAHCOM obtain continuing education.

“ADS is proud to be a long-standing corporate affiliate of PAHCOM, and we acknowledge all of the great work done by the organization,” said Marc Klar, Marketing Director of ADS. “ADS was only too happy and willing to assist with the PAHCOM Scholarship Fund effort, and we appreciate being recognized as such by PAHCOM in their [July/August Medical Office Management newsletter](#).”

ADS announces a 10% discount on ADS systems to PAHCOM members in good standing. ADS systems include MedicsElite and MedicsPremier for [practice management](#), CCHIT-approved MedicsDocAssistant [Electronic Health Records system](#) and [MedicsRIS for radiology](#).

About Advanced Data Systems

Since 1977, Advanced Data Systems (ADS) has been providing automation solutions to medical practices of every size and specialty. Our suite of products includes MedicsDocAssistant™ for Electronic Health Records, MedicsElite™ and MedicsPremier™ for Practice Management, and the MedicsRIS™ for Radiology. These HIPAA and NPI compliant systems represent unified solutions to the medical practice. Several of our systems can often be obtained separately and then be interfaced to existing systems. Our solutions are produced by us. ADS is not second or third party vendor of other companies' products. Onsite Training and ongoing Support are provided by employees of ADS, and ADS Support also includes all updates and required changes at no additional cost to the client. ADS is a Microsoft™ Gold Certified Business Partner, an IBM™ Business Partner, and a Corporate Member of MGMA™, PAHCOM™ and RBMA™. Over 35,000 physicians rely on automated systems from ADS.
