Fun Days in July -

July 7th is "Chocolate Day". Whether your budget can handle a big chocolate treat or a simple Hershey Kiss, any reason is a good reason to eat chocolate!

July 20th is "Lollipop Day". Bring in fun lollipops for staff or patients. Eat lollipops this day, share lollipops, play games with lollipops! Have a tasty day!

July 11th is "Cheer Up the Lonely Day". Encourage your staff to cheer up co-workers, patients, bosses, family members, even strangers! Origin of this day: According to L.J. Pesek, Cheer Up the Lonely Day was created by her father, Francis Pesek from Detroit, Michigan. She told us that

he "was a quiet, kind, wonderful man who had a heart of gold. He got the idea as a way of promoting kindness toward others who were lonely or forgotten as shut-ins or in nursing homes with no relatives for friends to look in on them." Francis Pesek chose this day, because it was his birthday.
